MATRIMONIAL.

MRS. EVERETT THOMPSON, of Millersburg, is with Mrs. J. W. Williams. Wm. Naylor, aged 26, and Miss Maggie Bell, 17, were married at Preachersville Saturday.

Near Ludlow Saturday four couples celebrated their golden wedding. They all live on adjoining farms.

James Burton and Miss Lula Caloway, popular young people of Richmonde, were married last week.

For the third time Mrs. Ada M. Agee and Emmett Durrett were wedded. The ceremony took place in Jeffersonville and was performed by Magistrate Keigwin.—Louisville Times.

Miss Minnie Tolle, of Glasgow, and Wm. Moore, of Texas, were married Saturday. They had never met until the day before, their courtship having been carried on by correspondence.

Louis Milgrew, a young Russian, committed suicide in New York after receiving a note from St. Petersburg that his sweetheart, Leika Rainovitch, had been sentenced to Siberia for life.

J. Russell Robinson, of London, and Miss Mary Martin, of Cynthiana, who were married in Cincinnati two years ago, have just made the fact known. Both were students at State College and they decided to keep their marriage a secret until the groom's graduation, which occurred last week.

Frank C. Miller, son of Contractor F. H. Miller, who is building the courthouse was married in Louisville last week to Miss Julia Lardimer, a pretty and popular young woman of the Falls City. Young Mr. Miller has been working on the court-house and has made a number of friends during his sojourn in Stanford who wish him and his bonnie bride the best of everything that's going.

Men Past Fifty In Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint. New Stamford Drug Co.

Employees actually at work in building the Panama Canal now number 26,335, as shown by the report of the Chief Quartermaster for the month of April. Of this number 4,335 are "gold" employees and the remainder are on the "silver" or labor roll. The Panama railroad force numbers 6,078 and the railroad commissary force 786. Thus the total number at work both on the canal and railroad is shown to be 33,699.

Trouble Makers Ousted.

When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more he's tickled over his new, fine appetite, strong nerves, healthy vigor, all because stomach, liver and kidneys now work right. 25c at Penny's Drug Store.

Dr. Charles Louis Loos has retired as a member of the faculty of Transylvania University at Lexington after 60 years' service as a teacher.

NEWS NOTES.

Confederate Memorial Day was observed in all of the principal cities of the South. The graves were decorated and appropriate exercises held.

Louisville was selected as the next meeting place in 1910, and John Allison, of Covington, as president of the Kentucky State Funeral Directors' Association.

Porter county, Ind., voted wet by a majority of 375, being the 11th county to declare in favor of the licensed saloon, while 69 have so far declared against it.

Chicago police are now working on the theory that Dr. John T. Binkley, of Evansville, was murdered and are trying to find the watch that was stolen from the body.

Albert T. Patrick's application for a writ of habeas corpus releasing him from Sing Sing prison was denied by the appellate division of the supreme court in Brooklyn, N. Y.

Harry K. Thaw must remain in the State Asylum for the criminal insane at Matteawan, under a decision rendered by the appellate division of the supreme court of New York.

The equestrian statue of Gen. John H. Morgan executed by the Italian sculptor, Signor Pompeo Coppini, will be placed on the public square in front of the courthouse in Lexington.

John D. Young, Sr., a former member of Congress from the old Ninth district and at one time County Judge of Bath county, was stricken with paralysis and is in a dangerous condition.

Bracken county "drys" are circulating petitions asking Judge Bradford to call an election for October 2 to vote on the question of whether or not that county shall continue "dry." It voted "dry" by a large majority Oct. 2, 1906.

A. D. Oliver, who in a few short months had become one of the leading citizens of Bainbridge, Ga., had married and become wealthy, was arrested by an officer who identified him as Charles Harding, an escaped convict.

Gov. Willson issued a statement declaring that he would do everything in his power to assist the officers of the law in discovering the men who composed the mob which lynched John Maxey. The governor strongly denounces the lynching and the lynchers.

Women Who Are Envied.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them, 50c at Penny's Drug Store.

Chief Clerk—Here comes the lady who wrote those articles on "How I lived Regally on Six Dollars a Week."

Satan—Put her over there with the other liars.

The cleverest imitation of real coffee ever yet made is Dr. Shoop's Health Coffee. It is fine in flavor and is made in just one minute. No tedious 20 or 30 minutes boiling. Made from pure parched grains, malt, nuts, etc. Sample free. Penny's Drug Store.

IN NEIGHBORING COUNTIES.

James H. Bauer has been appointed postmaster at Bauer, Pulaski county.

E. H. Mentz, proprietor of the Mentz Hotel at Glasgow Junction, died suddenly of paralysis.

J. J. Collins, a young farmer of Madison county, was shot and killed by a tenant named Sparks.

Tommy Lane and Det Selvy, aged 14 and 10 respectively, were arrested at Pittsburg, charged with breaking into the store of Wm. Joseph in Laurel.

Rev. James M. Thompson, of Pennsylvania, has arrived to take the pastorate of the Presbyterian church at Barbourville.

Saturday was Confederate Memorial day at Camp Chase, where over 2,200 Confederates who were prisoners during the Civil War, are buried. The day was partly spoiled by the rainy weather. Col. E. Polk Johnson, of Louisville, made the address.

A Richmond dispatch says: Deputy Sheriff William Johnson, while going through a field near Berea heard a peculiar noise and on investigating found a colored infant that had been buried alive in a hole about a foot deep. The baby was carried to colored neighbors and still lives.

After a search of four days and nights Jasper Crum, the man who was supposed to have been kidnaped from his wife and family by a mysterious woman at Cadiz, has been found. Crum, in company with a woman, was discovered by Crum's brother and five friends at a mining camp on Beech Creek in West Virginia. Investigation proved that the kidnaping of Crum was a preconcerted plan concocted by Crum and the woman to elope. It also proved that Crum and the woman had known each other for a period of 15 years and that he had called on her several times since his marriage.

Could Not Be Better.

No one has ever made a salve, ointment, lotion or balm to compare with Bucklen's Arnica Salve. AN EXCUSELESS LYNCHING.

ADMITTING that the Negro, John Maxey, deserved death, his execution by a mob of Frankfort people speaks volumes of censure against them. There was no excuse for taking the law in their own hands and disgracing the capital of the State with a lynching almost in the shadow of the new State house except the gratification of brutal instinct. Had the act been done immediately after the Negro shot the showman, when heat and passion were aroused, there might be palliation for the offense against law and decency, but for men to wait hours after their victim was safely in jail and then in the dead hour of the night take him out and hang him is absolutely without reason or excuse. The Negro was in custody and sure of punishment unless the jailer would have surrendered him to his friends with as little resistance as he did to his slayers, which, according to newspaper reports, was nothing to speak of. A gammer, or a less unwilling officer would not have given up his prisoner without an alarm, at least in a city supposed to be fully policed. The whole business smacks of disregard for oaths and law and is discreditable to the city, which will not soon recover from the effects of such criminal lawlessness. Every man engaged in the cowardly business deserves the fullest punishment, but unfortunately it is more than likely that they will receive no more than that inflicted by a seared consciousness of having murdered a human being in cold blood, without the slightest danger then or ever. The governor may offer rewards for the murderers but it will probably amount to nothing. There were too many engaged in the brutal business to make it available. It is a pity though that every man of them can not be made to suffer the punishment they meted out to their victim.

SEEING that a number of Congressmen and Senators elected as democrats have been stealthily secured by the trusts, Mr. Bryan in his Commoner, urges the greatest care in the selection of men as candidates next time who can not be bought, cajoled or bullied into support of the trusts. Mr. Bryan thinks that when you see a Congressman spending money lavishly, he is apt to have secured it from predatory corporations, which can afford to put up money for official favors. The great Nebraskan does not call names, but his references to certain democratic Congressmen who have betrayed their party is so pointed that they do not have to inquire: "Wonder if he means me?"

THE farmers are to be fooled by a duty of 25 to 40 cents on potatoes. When the crop fails in this country the farmer, like other people must pay the duty in the enhanced price. When the crop is abundant here no potatoes are imported and the duty serves neither for protection nor revenue. Sensible farmers will not be misled by the republican attempt to fool them.

THE Courier-Journal rebukes Senator Bailey for repudiating the democratic platform after its adoption instead of doing like it does, repudiate it before hand. As the Louisville sheet is authority on bolting, the Senator who seems to have departed from democratic teachings, might do well to consult the old expert when he wants to go still further wrong.

THE London Sentinel's illustrated edition is a most creditable newspaper effort. The picture and biography of many of Laurel county's prominent men are printed and a number of the public buildings and pretty homes of London are shown in the big edition. We congratulate the Messrs. Dyche on their clever work.

WITH Senators Paynter and Bradley both pulling for the repeal of the tobacco tax of six cents a pound, they ought to secure it. Paynter promises a solid democratic vote for it and Bradley claims to have many recruits from his party, but they may propose and Aldrich will dispose. The tax will remain.

THE new tariff bill reduces the duty on chloroform. The republicans do well in providing a cheaper way to put people to sleep. A great many of them will have to be put to sleep, if that party after breaking its pledges, gets into power again.

A VIRGINIA girl eloped from her school in her graduating dress and married her waiting love. As she is barely 18, she doubtless didn't know her mind and will spend the rest of her life regretting that she didn't wait a while at least.

In conformity possibly with the wishes of Ex-President Roosevelt, babies will continue to be admitted free under the new tariff bill. But they are about all that will come under the free lists.

THOSE who prate so much about breaking the Solid South could do some missionary work in New England if it wasn't so solid for them. But the case being altered, alters the case.

THE dedication last week of the Jefferson Davis Memorial Park on the farm near Fairview, this State, upon which he was born, was with interesting and impressive ceremonies. Since there is no public fund from which money can be drawn to honor their illustrious dead, it is meet that the Southern people should out of their own pockets contribute to perpetuating the memories of those who fought, bled and died for the cause they loved and believed to be right. None of the great men of the bloody period from 1861-5 suffered more than Mr. Davis, who gave up much to help to secure to his people their rights, which he thought were being deprived. After the close of hostilities he was arrested, thrown in prison and in irons for most of the time, kept for two years, and in many ways degraded and humiliated. No man has been more continuously and cruelly maligned than the president of the Confederacy, but it is gratifying to observe that with the animosities of civil war dying out he is being shown some justice and his real greatness and place in the history of the country accorded him. All honor to the men who conceived and carried to successful end the idea of honoring his memory in the State of his birth by a Park that will be greatly improved and beautified as the days go by.

AFTER September 1st if you drink in a public place or on a railroad train you will have to do so from your private cup, as drinking from common cups will be prohibited by law. It ought to be prohibited every where. Medical authority gives the use of public cups as one of the greatest aids to communicable diseases.

THE total wool clip in Texas this season is said to be 2,500,000 pounds. The State whose name is so frequently coupled with a hotter place, seems to be doing her best to keep the other people warm also.

POLITICAL.

An effort is being made by the democrats to have Judge W. R. Cress, of Monticello, run for Commonwealth's Attorney.

L. W. Arnett's majority over Walker C. Hall, for the democratic nomination for State Senator of the Kenton district, is only four.

The Florida Senate concurred in the amendments to the anti-racing bill, as passed by the House, and it is now in the hands of the Governor. The bill becomes effective two years hence.

Republican Representatives from the West returning to Washington say that the Aldrich tariff bill will not satisfy their constituents, and say they are determined to force a reduction of the rates.

Gov. Deneen, of Illinois, attached his official approval to the bill which provides referendum on all bond issues in cities, villages and incorporated towns. Refunding and present bonds are excepted from the provisions of the bill.

Judge J. T. Hanberry, of Hopkinsville, defeated Judge Cook, the incumbent, for Circuit Judge by a small majority in the Democratic primary held in the Third Judicial district Saturday.

Denny P. Smith, candidate for Commonwealth's Attorney, had no opposition.

CHURCH MATTERS.

The Epworth League Rally last week at Winchester was a success. It was said that it was the best conference of the kind ever held in Kentucky.

Rev. T. W. Barker will preach his fourth sermon on Methodism Sunday. His subject will be "The Place Methodism Should Occupy in the Mission Field."

District Conference will meet this week at Burnside. Messrs. J. A. Allen, Bedell Chancellor, Miss Mary Rigney and Mrs. Adelia Woods are delegates from the church here.

Edgar A. Fox, secretary of the Kentucky State Sunday-school Association, died at his home in Louisville Saturday night. Mr. Fox was well known here, where he has done a good deal of Sunday School work.

The Methodists of Stanford are planning to expend between \$1,800 and \$2,000 on the church and parsonage. They propose to build a Sunday school room 22x44, paper and paint the church, put new roofing on the parsonage and paper and paint it.

Judge T. S. Garnett, of Norfolk, Va., will deliver the principal address at Vicksburg, Miss., Friday, when the monument erected to Gen. Stephen D. Lee will be formally presented to the United States Government. Gen. Clement A. Evans, of Atlanta, Commander-in-Chief of the United Confederate Veterans, will make the speech of presentation, and the acceptance will be by Gen. Frederick D. Grant.

The Austin Methodist Episcopal church, Chicago, was destroyed Sunday by a fire believed to be of incendiary origin. The loss is estimated at \$75,000, which was covered by insurance.

W. P. Conger, of McMinnville, has found a spot on the top of the Cumberland Mountains in Tennessee where the State prohibition law, effective July 1, cannot touch him and he is now having a saloon erected there. It is 18 miles from McMinnville and there is no schoolhouse within four miles of the place. It is reported that Conger has leased all the land for four miles around in order to prevent the erection of a schoolhouse. Ten or 12 barrels of whisky and a lot of case goods are now at McMinnville awaiting transportation to Conger's saloon. Regular hack lines will be established by the enterprising saloonist to furnish liquor to the neighboring towns. As the Legislature does not meet until 1911, he expects to coin money.

Twelve hours after her husband, John Glaeser, had been taken from his home in St. Louis by the police under the charge of embezzlement, Mrs. Martha Glaeser was found dead in bed by the side of the bodies of her children, Arnett, a girl eight years old, and John Jr., five years old. The room was filled with gas.

Everyone would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. New Stanford Drug Co.

Rumors that Negroes were planning to take a white prisoner from the jail and lynch him in retaliation for the hanging of John Maxey caused the jailer of Franklin county to put on a heavy guard.

Stop That Cold

To check early colds or Grippe with "Prevention" is better than with "Treatment." To stop a cold when it is once started is easier than to let it run and be obliged to cure it afterwards. To be sure, Prevention will cure even a deeply seated cold, but taken early—in the mere stage—it breaks, or head off the early colds and you are surely better. That is why they are called Preventics.

Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel cold, if you need a cold set off, take a tablet of Preventics. Preventics may also save half your usual sickness. And don't forget your child. Here, there is feverishness, night or day. Herald probably lies Preventics' greatest efficiency. Sold in boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

Three Ideal Farms In One.

The perfection of real estate, all that is beautiful and desirable in country life, including locality, soil and improvements, is embodied in a farm of 435 acres, adjoining the thriving town of Bryantsville, Ky., and near the famous Camp Dich Robinson farms, which sell at over \$100 per acre. There are three tracts, with dwellings and improvements on each, suitable for three families desiring to locate on adjoining farms; or, if bought by one party, two houses could be occupied by tobacco tenants. The best equipped barn in the county, is on the premises, having water supplied by a wind-mill. The floors are built as residence flooring, the stalls are large and well constructed, machinery for cutting feed being run by an engine.

Stock scales and a large tobacco barn are among other improvements. The land lies well and is of a high grade, well fenced, well watered a portion of it being matted with blue grass, in gently undulating pastures. Most of the land has been kept in grass and will easily raise 1,500 pounds of hemp, 1,800 pounds of tobacco and 60 to 75 bushels of corn. Such soil is the basis of all value, and the large profit, which it yields on the investment, explains why capital is seeking real estate, it being not only the best but the safest investment.

This, together with the fact that population is increasing, thereby insuring a continuance, of good prices for farm products, proves that good real estate will continue to advance in price.

Besides the intrinsic value of a home, the locality and surroundings render it more or less valuable. Good roads, good schools, churches and good morals are important factors, in determining the value of a farm, because they contribute to man's substantial happiness, which is the mainspring of human action and the object sought, in every section of our God-favored country.

These elements enter largely into the attractiveness and, consequently, the value of this property. It lies on a splendid turnpike for a distance of about one mile, the community consists of the highest grade of citizenship, the people being moral, cultured and exceedingly hospitable. The residences are in sight

of Bryantsville, which has a thriving bank, up-to-date merchants, a good school and a church of large membership, that town being about 9 miles from Lancaster, the county seat of Garrard County, on the Lexington pike. The enterprise of the citizens in that section is further manifested by the fact that they are preparing to establish a Graded School at Bryantsville, and if they succeed, which is almost

certain, this property will advance from 10 to 20 dollars on the acre, as property has done near Lancaster and other towns, where such schools have been established, keeping the money and children at home and giving them a good education. This picture is not overdrawn, and we invite those looking for a bargain in a some that has all the attractive features, to let us show it to them. This farm is also within four miles of a navigable stream, which is of greater advantage for markets than the same distance from a railroad, for it gives cheaper rates and better facilities for transportation to market of all farm products, and live stock can be shipped from one head up to a boat load, while coal and lumber can be purchased at less price. It is down grade to the river, and a good

pike. We positively believe that this land is worth \$100 per acre, and yet it is offered at \$90 per acre as a whole, if sold at once; however the entire farm is susceptible of an advantageous division into small tracts and we will divide it to suit purchaser and make price on what he wants according to location, improvements, quality and quantity.

We positively believe that this land is worth \$100 per acre, and yet it is offered at \$90 per acre as a whole, if sold at once; however the entire farm is susceptible of an advantageous division into small tracts and we will divide it to suit purchaser and make price on what he wants according to location, improvements, quality and quantity.

Yes, we have them—farm lands—in different localities, off the pike and on the pike—improved and unimproved—50 acres—100 acres—200 acres—any number of acres you want—from \$35 per acre to \$100 per acre. We can suit you. Try us. All bargains of a lifetime. 500 acres extra good—265 acres superior land highly improved, 225 acres extra good, near Paint Lick, fine residence and three tobacco barns. Our price is the owner's price. No excess contracts. If you want to buy a farm write us or come to see us.

FARMER'S DEPARTMENT.

A. D. Ford sold to Lurinda Raines, 122 acres of land, near Bourne, this county, for \$4,600. -- Lancaster Record. W. H. Traylor sold to J. H. Baughman & Co. 1,000 bushels of wheat at \$1.50. The wheat cost Mr. Traylor 90¢. The Mt. Sterling Advocate says a well posted farmer estimates that there will be 4,000 acres of tobacco planted in Montgomery county.

One Kentucky farmer at least reaped a harvest from Patten's wheat corner. A Montgomery county man sold a carload at \$1.63 per bushel.

At Winchester the Burley Tobacco Society sued J. M. Bigstaff, a former member of the district board, for \$50,000 damages, claiming he sold tobacco pooled with the society.

The highest price ever paid for a nine-day-old mule colt in Bath county, was that given by William Thomas to T. S. Robertson, the price being \$155, the colt to be delivered at weaning time. The purchaser is to assume all risks.

King James, owned by S. C. Hildreth, winner of the Metropolitan Handicap, added to his laurels by winning the Brooklyn Handicap, one mile and a quarter, in the good time of 2:04. Jas. R. Keene's Celt was favorite for the race, but the best he could do was to finish third, being beaten for second place by Restigouche, also owned by Mr. Hildreth.

In Loving Memory of Mrs. Mattie B. Horton.

God in His wisdom has called a dear wife and mother from our midst. Our hearts are bleeding, yet we realize that our loss is her eternal gain. May He Who doeth all things for the best, comfort us in our sorrow. Let us remember these blessed words: "In my Father's house are many mansions; if it were not so I would have told you." May each of us live so we can claim a mansion bright and meet our dear one where death and sorrow never come.

We mourn that a place remains Which never can be filled, We mourn that a voice we loved Is forever stilled.

But blessed hope in Jesus given Shed thy beams upon our way, Light us to the peaceful haven In the land of perfect day.

Where our loved one is waiting In the realms of heavenly bliss, Oh, could we wish for anything That is brighter, sweeter than this?

HUSBAND AND CHILDREN.

EAT VEGETABLES AND BE SOBER. Some articles of diet are especially antagonistic to the use of alcohol, says a well-known authority on the subject. "Among them are macaroni, haricot beans, green and dried peas, lentils, onions, celery, rice and whole-meal bread.

"People who eat freely of these vegetables lose the craving for drink, to a greater or lesser extent. Vegetable food, generally, seems to take the place of what the system gets in intoxicating liquors, and nations which consume little meat are conspicuously sober.

"Even in this country vegetarians soon lose the desire for alcohol. But to fight the habit effectively the diet should include abundance of the articles just mentioned." Sweets are also recommended.

A Thrilling Rescue.

How Bert R. Lean, of Chevy, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and \$1. Trial bottle free. Guaranteed by Penny's Drug Store.

I expect to pass through this life but once. If, therefore, there be any kindness I can show, or any good thing I can do to any fellow being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again. — Stephen Grillet.

Public Sale!

of 35 Magnificent

BUILDING LOTS

In Beautiful West Danville. There will be offered at public auction, without reserve or by-bid, 30 of the most desirable building lots in West Danville on

Saturday, June 12, '09,

Promptly at 1 o'clock.

WEST DANVILLE is located in the very heart of the growing residential district of the city; new houses are being erected and the demand for dwellings in this particular section is far beyond the supply. If all the lots to be offered had a house on them, all could be rented to desirable tenants in less than 24 hours. West Danville is barely outside of the city limits, where all the advantages of the town may be enjoyed, yet without the payment of city taxes.

THIS SPLENDID sub-division fronts upon one of the most magnificent country estates in Kentucky, and is without doubt the real growing section of Danville, within easy reach of water, electric lights, sewage and gas.

\$100 in Gold will be given away absolutely FREE on the day of Sale.

Several of the lots to be offered front on the Perryville pike and are the cream of the whole sub-division. All lots except those fronting on the Perryville pike are 50x200 feet, and those on the pike are 60x250.

The Boyle County Commercial and Development Society strongly endorses the opening of the sub-division in West Danville and is doing all in its power to secure homes for the new comers.

The certainty of the permanency of the railroad division in Danville which is testified to by the fact that a \$15,000 office building is to be erected and the order issued directing the removal of the general offices to Danville. West Danville offers greater opportunities than any other section of the town.

Each holder of a ticket will be registered, and the holder of the lucky number must be present in person when the drawing takes place \$50. will be given to first, \$25. to second, \$15. to third and \$10. to fourth. A brass band will be in attendance. Danville's reputation as an educational center is too far famed to require special notice here. It may be mentioned that the Kentucky school for the deaf, Central University of Kentucky, Caldwell College, Danville Business College, numerous private schools and the best public school in the State are located here, as well as handsome churches of all denominations. Danville is the terminal point of the Southern Railway, and the divisional point of the Queen & Crescent route. Hundreds of railroad people are moving into the city. West Danville is the one available residence section for these people. When these lots are sold all available building sites in this section will have been practically taken, so now is the time to buy. To the speculation no better investment can be found. Terms liberal and made known on day of sale.
